EDUCATION

2023 - 2024
LUMINAR TECHNOLAB, KOCHI
- MEARN Stack Development

2020 - 2023
GPTC NEDUMKANDAM
- Diploma in Computer Engineering

2018 - 2020
MES HSS VANDANMEDU
- Computer Science

SKILLS

- Progamming language
  - Javaacript
- Libraries
  - React, Redux
- Framework
  - Bootstrap, express, node
- Others
  - Html, Css, Api, Git

LANGUAGES

- English (Good)
- Malayalam (Fluent)

PROFILE

Interested in the role of Web development as a Full Stack Developer, where i can contribute my skills and knowledge acquired by pursuing my internship in Web development. I am eager to contribute to dynamic projects and expand my skill set in the ever-evolving realm of technology.

PROJECTS

Media Player

- Developed a media player app using React, implemented dynamic category sorting for user-friendly navigation, and utilized JSON Server as the backend for efficient data management.
- Technologies and stacks used include React, JSON Server, and Bootstrap.

Restaurant

- This static webpage is developed using React, Bootstrap, and JSON Server to showcase details about a restaurant, including its menu, location, and other relevant information.
- Technologies utilized include React for dynamic content rendering, Bootstrap for responsive design, and JSON Server for efficient data management

E-Kart

- Developed an e-commerce web application using React and effectively managed state with Redux. Integrated Wishlist and Cart functionality to enhance user engagement and streamline the shopping experience.
- Optimized data flow with Redux, ensuring seamless interactions between React components for improved performance and user satisfaction.

HOBBIES

- Digital Art
- Photography
- Traveling
- Driving
- Hiking
